FOR PRESIDENT OF THE UNITED STATES.

GEORGE H. PENDLETON, Subject to the decision of the Democratic National Convention.

Democratic State Ticket.

For Secretary of State, Thomas H. Bland; For Governor, William E. Black; For Auditor, Arthur Hughes; For School Commissioner, Samuel J. Kirkwood; For Clerk of Supreme Court, John M. Webb; For Marshal, John M. Webb.

Reading matter on every page of this paper.

We have received from Hon. G. W. Morgan, member of Congress from Ohio, a copy of the Congressional Globe containing his speech delivered in the House, on the 20th of February, on the resumption of the impeachment drawn up by a committee of severe red-hot Radical traitors and destroyers of this Government. It is a very able speech.

NEW HAMPSHIRE ELECTION.—The election for State officers was held in New Hampshire on Tuesday, the 18th inst. The official majority for the Radical ticket was 2,500, the majority last year being 3,100. It can be seen that the Democrats have made a very respectable gain.

The Radical papers have done a great deal of puffing and blowing since the election—they want to make people think the Democrats of that State have done something terrible by gaining a few votes on them in one year. The Vinton Record tried its hand last week at the puffing and blowing too. Its publication was delayed on purpose so it could have the pleasure of showing to the public an old man that had been "abused and abused" by the little red-tailed scoundrel about town, who proves that Radicalism is gradually running down at the heels.

New Hampshire is all right for Pendleton for President! Mark that Rad.

The Democracy of Elk Township met at May's law office, on Wednesday evening of last week, pursuant to notice, and organized by calling Ephraim Hunter to the Chair and appointing James Malone Secretary, and then put in nomination the following Township Ticket for the April Election: Trustees—Joseph Bobo, John Huhn, Hiram H. Swain, Treasurer—George W. Pearce, Assessors—Jesse Utton, Clerk—J. M. McGillevray, Constables—Horace Reid, Alexander C. Dowd. That is a good ticket and we hope the Democracy of this township will go to work and work without ceasing until the close of the polls on the day of the election.

We earnestly invoke the Democracy of the several townships of Vinton county to organize for the Spring Elections. It is the duty of every Democrat to move in this matter without delay.

Remember that this is the year of the Presidential election, which will decide the fate of the Republic for life or death, and of constitutional and civil liberty for ages to come.

It is highly important that township officers should be elected who will oppose Radicalism, Revolution, and Ruin! Let there be regular nominations made in each township, and a sufficient number of tickets printed or written. Any Democrat is compelled to call a meeting for this purpose, by giving general notice, to others, throughout his township, of the time and place of such meeting. This should be done without fail.

The nominations should be judicious, and such as will conduce to success; and when made, they should be reported rigorously for election. It is only by such concert of action that the party can succeed. Nothing can be gained, but everything may be lost, by personal wrangling—let personal affairs have nothing whatever to do with politics. Work together every one goes forward and do his duty. This is the proper time to begin the good and glorious work.

The Democrat Enquirer, published at McArthur, Ohio, after reviewing some of the extravagant and thieving tricks of Radicalism, says it agrees with the La Crosse Democrat, and goes in for Republicanism! Coming to it—La Crosse Democrat.

We have been in favor of it ever since the war closed.

It is high time to repudiate the debt made by the thieves and plunders.

Madison Township Democratic Ticket.—The Democracy of Madison Township met in Zaleski, on Saturday, the 14th inst. and nominated the following candidates for township officers:

For Trustees—A. W. Jones, Abram Brown, David Pinney; For Clerk—J. D. Vanderford; For Assessor—Michael Rankin; For Assessor—Morris Albright; Constables—John A. Morgan, John T. Ship.

That is an excellent ticket—a ticket that should receive the vote of every man in that township.

Let every man go to the polls and vote for these men.

Face all portions of the country we have cheering news of a revival of business.

We find the above barely false sentence in the Vinton Record of last week. We can't see what it expects to accomplish by making such false statements. Not from one single portion of the country has the Record had a word of cheering news of a revival of business. The country is tired of this Radical Congress. The country needs repose—not agitation. "From all portions of the country we hear" the cries of distress and loud complaints against the tardy action of Congress in giving relief to a suffering people. In every journal we read, and so do the scribbles of the Record, of large meetings of manufacturers protesting against the most odious and corrupt system of collecting public revenues; of meetings of the suffering and exiled people demanding equality of taxation; and that a stop be put to the profligate expenditure of the people's money; and pamphlets are being issued suggesting remedies for the coming financial crisis which a civil convulsion would at once precipitate into a condition of general bankruptcy and ruin. The "cheering news" we receive in that civil war is contemplated by the traitorous leaders of the Radical party. The very air is filled with rumors of the proposed movements of that secret political organization known as the "Grand Army of the Republic," and the Radical Governors of Illinois, Pennsylvania, and Missouri have telegraphed—not of a "revival of business"—but that "the spirit of 1861 seems again to be aroused," and that "troops are rapidly tendering their services to sustain Congress." That's the "cheering news" we hear; that's the way "business is reviving."

DISTRICT COUNCIL.—From the Christian Witness of last week we learn that the District Council of the Christian Union Church of the First District of this State, met in the Church, at Dayton, on Friday, Feb. 14, 1868, and organized by appointing Rev. W. H. Milburn, Moderator. Among the ministers present was John Gold, of Vinton county. A large number of congregations in several counties were reported to be in good condition; and from the minutes of the Council, as published in the Witness, we copy as follows:

Congregations of the Christian Union Church in Vinton county, are—

Elk Congregation numbers 8 members; all in peace and union. John Gold, Pastor.

Pigeon Congregation numbers 11 members in good condition. John Gold, Pastor. McArthur Congregation numbers 11 boys in good condition. No pastor.

Three Committees were appointed—one on Resolutions, one on Publishing, and one on Sabbath Schools—each of whom made reports which were submitted to and approved by the Council.

The Council will meet again, pursuant to adjournment, on the 12th day of next June, at Wamsley's Chapel, in Adams county.

DORR & DARTMOUTH'S GREAT WORLD'S FAIR.

These fairies, which are being organized at McArthur, will start on their traveling tour Monday April 13th, making their first show at this place. Their entertainment is first-class and entirely new throughout—counting criticism and defying competition.

Their wagons are all new, and got up in the very best style. On the morning of the exhibition they will make a grand procession, at 10 o'clock, led by the Metropolitan Silver Cornet Opera Band, under the direction and leadership of Prof. Dick Knox, whose name and fame as a performer of the first cornet is as familiar as a house hold word, seated in their splendid Golden Swan Carriage, followed by a large cavalcade of horsemen, and Burgess Rays Troops of wild Indians, all in a fine and gorgeous costume. The world-robe for this parade has cost the managers over fifteen hundred dollars.

They exhibit in McArthur, O., 13th of April, at Hamilton 14th, Jackson 15th, Pikeston 16th, Waverly 17th; Chillicothe 18th.

Spitting upon the People.

The New York Tribune the other day, on being told the South were starving, turned its holy eyes upon the poor struggling millions, weak, sick, and heart-broken, and in truly Christian tones, belched out "Root, Hog, or Die!" It is the black wretches down there, thriving, and murdering, and turning the South into a literal hell, with not a word of regret. When the enslaved and shackled whites complain of their destiny, it spits upon them. On the 22d instant, there is to be a meeting in New York, of the victims of Stanton's and Seward's despotism during the reign of terror in the North. Hundreds of innocent men, some of them veterans of the war of 1812, good citizens, and pre-mindful patriots, who were thrown into the bastilles of the country, at the tinkling of the bells of these two officials, are now to give an expression of their views regarding these outrages. What does the Tribune say? It calls the gathering of these honest citizens, who have been the victims of a despotic government. "A convention of bounty jumpers, hotel burners, and July rioters." Go on, all ye who swear by the New York Tribune. A day of retribution is coming. The victims of negro-republican despotism, and the teachings of the Tribune, can afford to bide their time.—New York Day Book.

The impeachment trial has been continued to the 29th inst.

Call for the National Democratic Convention.

The National Democratic Committee, by virtue of authority conferred upon them by the last National Democratic Convention, at a meeting held this day at Washington, D. C., voted to hold the next Convention for the purpose of nominating candidates for President and Vice-President of the United States on the 4th day of July, 1868 at 12 o'clock m., in the City of New York.

The basis of representatives as fixed by the last National Democratic Convention, is double the number of Senators and Representatives in Congress of each State under the last appointment.

Each State is invited to send delegates accordingly.

S. R. Lyman, Josiah Minot, H. B. Smith, William M. Converse, Gideon Bradford, W. G. Steel, W. A. Galbraith, John A. Nicholson, Odlin Bowie, James Guthrie, L. S. Trimble, Rufus P. Ranney, W. E. Niblock, Wilber F. Storey, W. L. Bancroft, Lewis V. Bogy, George H. Paul, D. O. Finch, Isaac E. Eaton, Thomas Haynes, William McMillan, William Aiken, Absalom H. Chapel, George A. Houston, Joseph A. Rozier, A. B. Greenwood, John W. Litwick, Thomas Sweeney, John Patrick, James W. McCorkle, W. I. Sharkey, John Hancock, John H. McKinney.

August Belmont, Chairman. Frederick O. Prince, Secretary. Washington, Feb. 22, 1868.

Radical Principles.—Old Tom

Benton once said in the midst of one of his terrific diatribes, that the opposing political party "was held together by the cohesive power of public plunder," and that their principles were seven in number, viz: "Five loaves and two small fishes." It would seem that the dominant party of the present age, having exhausted the usual sources of public plunder, have turned their attention to such smaller "veins" and "pockets" as a vigilant search into their neighbors' affairs may discover. In the line of plunder they make no invidious distinction between "fish, flesh, or sound red herring"; or, to speak more exactly, all is fish which comes to their net.

Is it Riot.—We would ask the

poor men of the north if it is either just or right for congress (so called) to force from the laboring classes, by means of taxation, the wherewith to support the indolent negroes of the south? They (the negroes) are living in idleness and positively refuse to labor, replying, when called upon to do so, that the bureau will support them. You are obliged to support the "bureau" and in order to do so, allow your families to live upon the bare necessities of life. Let those "men who know their rights, and knowing dare maintain," act from the honest impulse of their hearts, and strongly rebuke the infamous rump for thus squandering the money which rightly belongs to them.

Soldiers and pensioners, the Democracy of Vinton county, as represented by the Enquirer, urges the repudiation of pension, bounty, and all other claims against the government.—Vinton Record.

This Record is entirely destitute of common sense; but like its drunken Presidential aspirant—Grant—it is blessed with a very fair quantity of "horse sense." It may be the ignorant "thing" can make goldiers believe that the Enquirer has urged repudiation of the "pension and bounty claims," and the payment of all thieving army contractor claims. "It is very smart." We don't know what the "soldiers and pensioners" would do without it—it is such a useful "little thing." It is terribly down on the "repudiation" of the payment of claims made against the government by thieving army contractors. These thieves and contractors gave Mrs. Lincoln, "the wife of the late lamented," thousands of dollars worth of clothes to have her advise Lincoln to give the thieves and plunderers big fat contracts, and now it must seem very pleasant for the soldiers who enlisted in the early part of the war, and served from three to five years, to have the collector call upon them for taxes to pay the debt made to enrich thieves and to pay the bounty debt. But after doing the fighting, the soldiers are obliged to help pay the bounties that kept the "troop loyal" Radical cowards out of the service. How the Record and the radical stay-at-home pimps and spies love the "poor soldiers."

LOCAL MATTERS.

Peterson's Magazine for March has been received. Terms, \$2 a year. Published by C. J. Peterson, 305 Chestnut Street, Philadelphia Pa.

IN TOWN.—Capt. C. F. Hays, Sub-Assistant Commissioner of the 5th Sub-Division of Louisiana, arrived at his old home in this place one day last week, looking as though he loved to live away down in the "Sunny South." He leaves again for the South on Monday next.

Our friend Samuel Kirkendall, of this town, shot an Owl, on Tuesday last, and left it at this office, the outspread wings of which measured four feet and three inches from tip to tip.

Fire.—The citizens of Zaleski were aroused about 3 o'clock on Tuesday morning last by the cry of "Fire." The fire was discovered in the dwelling house of H. Jennings in the south part of town, and was under such headway that it was impossible to extinguish it. The dwelling was entirely consumed. The dwelling house of Wm. Baughman, a few feet from Mr. Jennings, was soon in flames and also consumed—it being impossible to save either building, on account of the wind blowing so hard. Part of the household goods belonging to each dwelling were saved. The fire originated in a defective fuse in a small building adjoining the dwelling of Mr. Jennings. Mr. Baughman's loss is about \$1,400; Mr. Jennings' about \$1,000—very severe losses. No insurance.

THE CHRISTIAN UNION CHURCH in McArthur.—We are pleased to say to our readers that the Rev. A. B. Sellers, of Adams county, but formerly from Tennessee, and the Rev. A. Humphreys, of Pike county, have been holding meetings at this Church in this place, twice each day, since Saturday last. The meetings have been largely attended, and all those in attendance have been deeply interested in all the sermons preached by these good and true Christians—who know nothing among men but Christ and Him crucified. These ministers have long been needed in our midst. All should be happy that they have come among us—so faithful and so true. The Holy Bible—not a political treatise but a political guide—is the only book that guides them. Encourage them in the good work. Let all be in good spirits, and at peace with each other at all times. Attend the meetings. Have your names recorded among those who have already gone forward.

The congregation now numbers 22 members—11 having joined since this meeting commenced. An organization was effected on Monday. The meetings are still being held as we go to press.

The March Term of the Vinton Court of Common Pleas commenced on Friday, March 14th, 1868, Hon. P. P. Pyley, Judge. George Lantz, Clerk; James Malone, Deputy Clerk. J. S. Shockey, Sheriff; A. L. Hunter, Deputy Sheriff. D. B. Shivel, Prosecuting Attorney.

The following persons composed the Grand Jury:

Wm. Elchert, Aaron Turner, John Keenan, Daniel Hall, Eli Graves, Henry Herold, Bernard Quinn, Wm. Clark, W. B. Bedford, John Guterli, John Ratcliff, A. G. Elliott, James McGillevray, Washington Keeton, Isaac Keaton.

They examined the County Jail and reported that they found everything connected therewith in good condition, and the safe keeping, comfort and health of inmates well cared for.

There are 13 criminal and 133 civil cases on the docket.

The following cases have been disposed of:

Miles Voorhes vs James Robbins and others, Trustees of Elk Township. Action for damages. Jury trial. Jury returned verdict of one cent damages.

David Skinner vs Ann McGinnis and others. Sale of lands confirmed and deed ordered.

Ira A. Denny vs Hannah Denny, Divorce. Divorce granted.

Mr. Edmon: My attention has been called to a paragraph in the Zaleski paper, in which I am charged with going where I could not be found, so as to avoid the office of the law. I wish to inform the Zaleski paper man that I did not do any such thing as every person well knows that I sold my property here and went to the northern part of this State to look for a place where I could move my family and send my children to school, and I did not go away to avoid being "anxiously sought for." I was absent about a month before the Zaleski paper says I was sought for: If the man who prints the Zaleski paper will come over here and pay a "barter's bill" to "the colored gentleman" it might be said that he had long right ones. I am not guilty of the charge made against me. JOB LUCAS McArthur, March 14, 1868.

At the meeting of the School Examiners held at the Union School House last Saturday week, certificates were granted the following persons:

For six months—Jos. Miller, A. S. Claypool, Martha Cassell, Mary A. Dillon, Abbie Wymer, C. W. Hudson, Arminda Harshide, Amanda Briggs, Deborah Briggs, Sallie Rannella, Clara Cox, E. E. Colvin, Allie Winters, Asah Hunter, Rebecca Trimmer, Mary J. Cox and Mattie Currie.

For twelve months—O. S. Luckey, Annie Darr, Mary A. Curry, John Hill, Mary E. Rannella and Mary Hastings.

For eight months—D. B. Dye and Emma Colvin.

We call the attention of our readers to the Law Card, in this paper, of Messrs. Mayo, Duffaway & Mayo. These gentlemen have formed a co-partnership for the practice of law in Vinton and Jackson and adjoining counties—an office being in McArthur and one at Jackson. Those wishing to go to law or who have legal business of any description whatever that they wish attended to promptly, should go and give them "a statement of the case."

ROLL OF HONOR.—The following named pupils of the McArthur Public School have shown a perfect grade in deportment and recitations from February 1st to March 6th, the close of the term. The report shows a marked improvement over the report for January:

High School—Eddie Drake, Aaron Lantz, Samuel Nixon, C. W. Hudson, T. J. Timmons, C. M. Sage, Sallie Payne, Leven Pearce, Leslie Park, Helen Howard, Mary French, Berna Hulbert, Almira Mark, Lucretia Timmons, Ada Dowd. Grammar School—Barney O'Donnell, Patrick Cany, Isaac Lantz, Warren Jones, Annie Winder, Lucy Lillbridge, Frank Horton, Flora Ross, Mattie Dowd, Cora Strong, Eliza West, Ella Craig, Maggie Arnold, Annie Sweeney, Maggie Hurley, Adelle Cole, Joseph Felton, John Tullison, Frank Bobb, Banning Baird, Robert Ross, Danvers Pearce, Hiram Rainer, Chauncy Taylor.

AMENDED ROAD LAW.—The road law of this State has again been amended. We are unable to give the law in full as amended, but it substantially restores the old law. The Township Trustees again lay off their respective townships into road districts; and Supervisors are to be elected in each, at the annual spring election. (Township Trustees will do well to notice that part of the law.) It gives the Supervisors \$2.50 per day, after deducting his two days' laboring and imposes a fine of five dollars and costs upon Supervisors who are elected and fail to qualify or serve. It restores the bridge fund of the counties to the County Commissioners where it properly belongs.

The law may have defects but in our brief notice we are unable to point them out. But in our opinion it is a great improvement on the law repealed.

Now is the TIME TO READ.—Now is the time for the people to read and understand the issues that are to come before them this fall for election. It was never so important for the salvation of the Union that the people understand the issues. One false step now may prove fatal to the government beyond the hope of recovery. Never was the national existence, as a great constitutional government, in as great peril as to day. The Congressional commissioners and traitors have their hands on the throat of the nation, and the body is almost pulsed. We tell the people that the struggling to-day is not one of party, but for the existence or destruction of free government. If the Radicals triumph, free constitutional government is at an end, and only taxation and oppression are in reserve for the people.

We copy the above from the Free Press. Of course this is the time to read. Our country is about to pass through an ordeal more severe than any either within the recollection of any man now living or recorded in the annals of the world.
